The Lifestyle You Want In The Heart of Beaumont

On the Lighter Side

- You never appreciate what you have till it's gone. Toilet paper is a good example.
- I finally did it. Bought a new pair of shoes with memory foam insoles. No more forgetting why I walked into the kitchen.
- The main function of your little toe is to make sure the furniture in the house is in place.
- You drop something when you were younger, you just pick it up. When you're older and you drop something, you stare at it for a bit, contemplating if you really need it anymore.
