Pickleball

Our Club has fully embraced this very popular game. Yellow markings on the floor and a simple net are all that was needed. Teams of two players take turns serving until one team has scored 9 points. A game takes from 10 to 15 minutes. While it can be played outside on a tennis court, playing indoors is a great option for our climate.

We've added a third time for this activity. Come see! Come play!

Pickleball was invented in 1965 in a Washington State backyard!
